

SLACC CIO Our Plans for 2025/26

1. Support the CUO trustees, in their work on the coalmine and subsequent closure of the CUO (as set out in an MOU between Trustees)
2. To continue to provide governance of Waste into Wellbeing and Kendal People's Café.
3. To consider any proposals coming forward from members for new projects which fulfils SLACC's objectives, but to only recommend funding and support for them where members have capacity for implementation and trustees can provide adequate governance.
4. To work on a restructuring of SLACC to focus on building community resilience and responding to the impacts of climate change, by further developing the partnership between Waste Into Wellbeing and the Eddington CIC.
